Life Touch came to present their work. We had a 20 minute presentation from them on their pictures and their picture packages. We will vote on two photographers in April to decide who will take the picture for the upcoming season. We will vote between Life Touch and Oopsey Daisy Photography.

Gun tickets will be sold for our major fundraiser for the year. We had 143 packets of tickets with 7 tickets in each packet given out. The guns will cost the league \$3800; the league should make a profit of \$6200 if all of the tickets are sold. Jackson Township paid for the cost of the tickets. The gun tickets are due in April.

Based on the voting from Boosters in November, ETJ will maintain its relationship with Blacklick for the upcoming season. A meeting will be held on March 31, 2014 to write and confirm the new rules for the 2014 season. The rules will be used with both the ETJ and Nanty-Glo teams. Paul will be posting the new rules on the website soon after this meeting.

Paul made some phone calls about nicer shirts for the players. The cost would be around \$2. Paul showed us the shirts that will be used for the upcoming season. Coaches need to get numbers confirmed and turned in this week so that we can place our uniform order. Parents will be able to order shirts for \$17. These are shirts they can wear to support their player and team.

Work days will be set for the fields next month. We will not have an opening day this year prior to the season. The season will begin the week of April 28th.
